Before you hire: checklist

- Look up the licence number on the relevant state regulator register and confirm it is current.
- Check the ABN on the Australian Business Register (abr.business.gov.au).
- Hardwired 240V work needs a licensed electrician; in-wall data cabling needs an ACMA-registered cabler.
- For guards and patrols, confirm both the firm licence and each attending officer's licence.
- Get at least three written quotes listing camera models, recorder storage and warranty.
- Aim cameras at your own property and consider disabling audio on cameras facing shared areas.
