

Morayfield Security Report

Local security guide - Morayfield QLD 4506 - Moreton Bay, northern greater Brisbane

About Morayfield

Morayfield is about 45 km north of the Brisbane CBD.

Morayfield is a growing suburb in the Moreton Bay region next to Caboolture, with Morayfield Shopping Centre, Morayfield station and estates spreading either side of the Bruce Highway. At the 2021 Census, 24,898 people lived in Morayfield in about 8,562 occupied homes: 82% separate houses, 17% townhouses or semi-detached homes and almost no apartments, and 44% of homes were rented.

Housing and local context

Housing stock: Low-set brick homes from the 1980s onwards, newer estates, townhouses and duplexes, and acreage blocks.

Morayfield's streets have low-set brick homes from the 1980s onwards with carports or single garages, newer estates with double garages, and duplexes and townhouses near the shopping centre. Acreage blocks on the edges have sheds and long driveways. Hot weather means doors and windows are often open, so locking screens help.

Common security concerns in Morayfield

- Rented homes where changes need approval
- Doors and windows left open in hot weather
- Sheds on acreage blocks

Local tip: Security for renters

About 44% of Morayfield homes were rented at the 2021 Census. Renters can ask the landlord for deadlocks and security screens, and add portable options that move with them, such as battery cameras, a video doorbell and door and window sensors. Put requests in writing and keep a copy.

Before you hire: checklist

- Look up the licence number on the relevant state regulator register and confirm it is current.
- Check the ABN on the Australian Business Register (abr.business.gov.au).
- Hardwired 240V work needs a licensed electrician; in-wall data cabling needs an ACMA-registered cabler.
- For guards and patrols, confirm both the firm licence and each attending officer's licence.
- Get at least three written quotes listing camera models, recorder storage and warranty.
- Aim cameras at your own property and consider disabling audio on cameras facing shared areas.
