

Zuccoli Security Report

Local security guide - Zuccoli NT 0832 - Palmerston, City of Palmerston

About Zuccoli

Zuccoli is about 25 km south-east of Darwin City.

Zuccoli is one of Palmerston's newest suburbs, south-east of Darwin, built mostly since the 2010s, with local shops and young families in new homes. At the 2021 Census, 4,131 people lived in Zuccoli in about 1,291 occupied homes: 96% separate houses, 4% townhouses or semi-detached homes and almost no apartments, and 25% of homes were rented.

Housing and local context

Housing stock: New family homes on small blocks, almost all separate houses.

Zuccoli is made up almost entirely of new family homes on small blocks, many with garages, tropical-style open living and sliding doors onto small yards. Some streets still have vacant lots and homes under construction.

Common security concerns in Zuccoli

- New homes before security is fitted
- Building sites and vacant lots nearby
- Sliding doors onto yards

Local tip: Setting up security in a new home

About 71% of Zuccoli homes were being paid off with a mortgage at the 2021 Census, and the median age was 28. In a new home, fit keyed window locks and locking screens early, add a video doorbell, and keep the garage closed. New estates can take time to get street lighting and fencing.

Before you hire: checklist

- Look up the licence number on the relevant state regulator register and confirm it is current.
- Check the ABN on the Australian Business Register (abr.business.gov.au).
- Hardwired 240V work needs a licensed electrician; in-wall data cabling needs an ACMA-registered cabler.
- For guards and patrols, confirm both the firm licence and each attending officer's licence.
- Get at least three written quotes listing camera models, recorder storage and warranty.
- Aim cameras at your own property and consider disabling audio on cameras facing shared areas.
